Open Line Live -- Moody Radio Boca Raton, FL live audience show -- FairUse audio clip (Sat26Feb2021)

Dr. Michael Rydelnik's show, this time, was different: They didn't take phone calls or "mail-bag" (e-mailed) questions, but rather, live from Boca Raton, FL, he took questions from a live audience about God's faithfulness to Israel. Bob, a Boca Raton, FL resident, and member of Crossbridge Church, asks what happens to unborn babies & infants who die before the age of accountability. While Dr. Rydelnik mysteriously declines to mention the Rev.20:5 theory (which he'd told me he believed, eg, a Biblically-possible theory held by Dr. Charlie Dyer, myself, & other theologians), (#1) He admits that we don't know for sure, (#2) That God will always be fair, and (#3) That King David's comment about going to his dead son might've meant that David thought he'd go to the grave, instead of going to heaven, to see the child. All 3 are true/correct statements, but Bob asked what happens, and Dr. Rydelnik probably should've told Bob that while we don't know what DOES happen, several theories (incl. the Rev.20:4 Millennium theory) are NOT prohibited, and DO give the baby a fair chance to exercise Free Will -and that Universalism (which denies Free Will) is a FALSE doctrine.
