I support H.R.2366 - Discharge Student Loans in Bankruptcy Act of 2017. We need to act to protect the rights of the thousands of students that have fallen in the Student Loan Trap. We need to make education affordable not free!

Good job, **Angel S. Urbina** **Capo Angel S Urbina**. Thank you for your support of student loan bankruptcy uniformity as the U.S. Constitution's Uniformity clause requires. This old bill was a good bill that addressed both private and public student loans. However, it expired in Congress. The current Congress and Senate have 2 different bills, one being S.2598, a bill with twice as many GOP sponsors as Democrats -- and which addresses only public student loans but with a 10-year waiting period and some accountability measures. H.R.4907, a house bill addressing only private student loans, is also good bill.

Thank you for your support here. I write about both current bills here:
