SCAM ALERT!! We have another one of those candidates who runs for office every year, and doesn't care that he loses, bc he launders campaign donations to himself and his wife. So far this year, this James Judge has stolen nearly \$30,000 from innocent, unsuspecting donors. It's a shame. They have no idea they're being used and publicly made fools of by James Judge this way.

All of this is publicly available information on the Federal Elections Commission website:

<https://www.fec.gov/data/committee/C00797597/>

James Judge has taken in \$67,000. \$33,000 of that has gone directly into the pockets of: "Judge PR," "James Judge," and "Danielle Judge" (his wife).

This is worse than Ilhan Omar. She was caught paying her brotherhusband's consulting firm excessive fees from her campaign. Judge, however, hasn't even tried to disguise what he's doing. It's in black and white on his FEC report. He's claiming he does campaign PR, but this fake PR company hasn't done any PR for him that anyone in the district can see. Certainly not \$30,000 worth. No interviews, no ads that anyone in the district remembers....This is exactly what President Trump was NOT calling for when he asked for a great America First Republican to please run against Laurel Lee in FL-15.

why am I not surprised ??? SMH at all those people in Pasco that bad-mouthed and my PAC for calling him out. Shame on Pasco Watch leadership for their behaviors and failures to do their research on him before going into attack mode because someone called your candidate out..

Brian Perras I would expect nothing less from that one, I blocked her ain't nobody got time for that nonsense. She became uncrediable to me when she lied to her own people and didn't own up to what she herself said with her own people bearing witness. I don't waste my time with those who deliver the devil's messages for him. People like that sit at a table that God sent them to turn over... Me and mine .. We CAN'T be bought, bribed or persuaded to sit at the devil's table

Jennifer, while you've only been back in Florida for a little under a month, you're racking up quite the criminal rap sheet, though, somehow I doubt you'll be charged. First, in my humble opinion, you're guilty of felony fraud by knowingly lying on a state document, your candidate oath form, but now, add criminal libel to the list by spreading categorically false and defamatory information about me and my wife.

Truth always comes out. And of course he's an oath breaker. Unsurprising and typical.

this doesn't surprise me at all! Considering his arrests history and property liens, this is not the America first candidate which I knew from the beginnin!

Brian Perras I never knew he was arrested, until now. Never did a background on him. Had no need to, wasn't planning on putting our PAC behind him. The only way we even look at a candidate is if they come to us or a constituent brings them to us and asks us to vet them for the community.

Josie Gentry listen to Jsme's response before you listen to a Politician's accusations. You should know there is more than one side to the story. You should also be checking out each candidate. If you were doing a good job, you would check the facts BEFORE you take sides!

Sharon Smart I did listen.. I heard a Marketing entrepreneur who owns his own PR firm show me invoices that he and his wife paid his company own Company out of campaign contributions.. May not be illegal, Its not for me to say but it appears highly unethical. I have spoke to Judge in fact I text the other day telling him about someone pretending to be his campaign manager 🙄 however I still do not put my support behind Judge, to much shady stuff other than this newly found stuff.

Josie Gentry the **James Judge** we know has a middle initial of P, not O. Different dude. See here, and compare with the arrest pic Brian Perras provides us. 😊

Josie Gentry here's what Brian provided. Notice different middle initial. But we still must vet all candidates on the issues.

Brian Perras I am intrigued, but look at this: they look different to me. Very different. Now, I'm not great at recognizing faces, but the guy on the left doesn't look like **James Judge**, the guy on the right. I almost missed your response, as I tried to turn my internet/data off on my phone (boundaries, hello, long day), but oddly-enough it turns on on occasion.

Gordon Wayne Watts he definitely doesn't look like he did then. People don't look great when they get a dui. It happens and people make mistakes. Why aren't you doing the research?

First, you were right about **James Judge** : he did drink, and your arrest record IS the same guy. On that count, I owe you 1/2 an apology because while I didn't deny you, once I saw hard evidence, I also didn't... **See more**

Gordon Wayne Watts tell that to judge. He started attacking a person first! If you are going to attack someone, you better be ready for someone to come back, all candidates should be focused on the policies and issues

Brian Perras Lee is indeed horrible. Not quite as bad a RINO as **Congressman Scott Franklin** , but **Congresswoman Laurel Lee** is indeed VERY resistant to obeying our own GOP platform, which specifically prohibits taxpayers funding student loan originations spending by Dept of Ed using MY taxpayer dollars, ok? Yes, disobeying our own GOP platform, in which they are under investigation 🕒 for this:

QUOTE: On page 35 of the Republican Party Platform, we see the GOP clearly says: "The federal government should not be in the business of originating student loans." (1ST sentence of last paragraph, near bottom-right of page) [Editor's Note: This is page 42 of 66 of "PDF" page numbers, but the writer labels this as page "35," since the first 7 pages weren't given regular page numbers.] Source: "REPUBLICAN PLATFORM 2016," used under Fair Use for commentary, criticism, and research. Proof that almost 100% of all Republican lawmakers are hypocritical Liberal RINOS, who refuse to obey our own platform, in which they are under investigation 🕒 for this:

Lisa Dick right! The facts are there. Look at his spending which goes to his PR firm, yeah he was arrested honestly who cares, but when they keep making up lies and spreading false things about people because they know they can't win on merit, this is what they do. They start a fight get knocked out, then play victim. Typical communist playbook! Of course I told you she would suspend me in Pasco watch, so I can't say anymore facts, all the while she will keep lying. That's okay though. When you are wanting to be relevant and famous, the pride will go before the fall!

Brian Perras still talking smack? You were the one who has been cited by the FEC for violating campaign finance laws. You are the one who lied to the voters of FL-15 and said you were running and failed to qualify. Your track record is proven as one of dishonesty. I have answered everything you have accused me of in a video on my page. Here is the FEC report where you were cited for violating the law.
